"CareFirst Hospital Transition Program"
CareFirst Corporate offices-Canton Maryland
(Presentation/Project focused on working with CareFirst staff and administration to reduce patient readmission rates after surgical procedures. Collaborated with CareFirst patient discharge service to improve provider/staff communication with patient/caretaker. Improved protocol, safety concerns, and developed streamlined discharge process. The goal of this "Hospital Transition Program" is reduction of hospital/clinic resource time, which in-turn drives revenue, financial stability, and patient safety.)
